Opening it, I was excited to see a riddle!

It read:

"What dog has legs

But cannot run.

A tail,

It cannot wag,

A mouth,

But cannot bark,

A nose,

But cannot smell?"

I love riddles. Before reading the answer, I sat down with my wife and we spent a while pondering the possible answers.

Eventually, curiosity overcame us. We turned over the note to see the answer.

It read:

"Your dog.

I'm really sorry.

I ran it over."

I hate riddles.

Who am I?

When I was born, my mother died and my father abandoned me. So I spent my entire childhood with my aunt and uncle.

When I was in my late teens, I stumbled upon a video that my sister had made of herself. It was then that I realized that she was really, really hot. I watched the video twice, and I probably would have watched it even more. But I had to leave home because my aunt and uncle were in trouble with the law.

It turned out that my sister was also in trouble with the law and was actually in custody. So my friend and I went to pick her up. When we did, I noticed that she was even more gorgeous in person than in the video, and my friend agreed with me.

After that, we crashed with my sister's friends. By then, pretty much everyone we knew was wanted by the government, so we moved around a lot. My friend is way better looking than I am and he has a really awesome vehicle, so I started to sort of see him as competition.

Around that time, I was seriously injured. While I was in recovery, my sister gave me a big, passionate kiss on the lips.

After that, we went our separate ways. I was becoming extremely religious, so I never thought much of her. But then I saw her for the first time in about a year, and she was wearing a bikini. All my old feelings came back.

But it didn't matter because, soon after that, she hooked up with my friend that I mentioned earlier.

A few days later, the three of us were at a party. While my friend stayed inside, my sister and I went outside. It was very intimate, and it seemed like something was going to happen.

But I killed the mood by telling her that Darth Vader was our father and I had to fight him.

When your grandfather turned 21, he went to the lake and discovered that he was able to walk on the water. When my oldest brother, your uncle George, turned 21, he discovered the same. Me, your other uncles, your older brothers... all of them could walk on water at age 21."

"Cool!" said Frank. "I can't wait to walk on water!"

A month later, Frank turned 21, and his family took him to the lake to see him walk on water.

They got into a boat and rowed into the middle of the lake, and watched excitedly as Frank stepped out of the boat... but instead of walking on the surface, he sank.

After he was pulled back into the boat, Frank said, "I don't get it! You all turn 21, and you can walk on water! I turn 21, and I can't!"

"Hmm," said Frank's father. "Come to think of it, it may be because all our birthdays are in February but yours is in July..."
